

Skin Lightening Treatment

Facial Care
STEP
2B
RENEW

OVERVIEW:

Designed to fade unwanted sun spots, melasma, chloasma, freckles and other hyper pigmented skin conditions. This potent home care solution uses all botanical ingredients instead of the usual hydroquinone. An excellent partner to Retin-A.

THE HYLUNIA ADVANTAGE:

FEATURES:	BENEFITS:	ADVANTAGES:
Silver (NO PRESERVATIVE)	Inhibits microbial growth: preserves against microbial proliferation.	Replaces commonly used potentially toxic and sensitizing preservatives.
Extract of: Horsetail, Morus Root Bark, Bearberry, Licorice and Kojic Acid.	A synergistic blend of completely natural, highly effective skin lightening agents.	Fades pigmentation.
Multi Fruit Acids: Bilberry, Sugar Cane, Sugar Maple, Lemon and Lime.	Exfoliates dead cells to minimize fine lines and wrinkles and to lighten pigmentation.	Makes skin soft, youthful and radiant.
Glycosaminoglycans and Sodium Chondroitin	Helps block the activity of degradative enzymes. Together they provide synergistic support for healthy hyaluronic acid content.	Conveniently combines two vital building blocks, glucosamine and chondroitin for enhanced connective tissue resilience.
Turmeric Concentrate: tetra hydro diferuloyl methane	Curcuminoid of Turmeric: bio-protectant neutralizes free radical, and UV radiation damage.	Minimizes premature aging resulting from inflammation and external aggressors.
Curcubita pepo Pumpkin Seed Extract	Plant peptide, curcubatine inhibits inflammatory process and premature aging of the skin.	Buffers any potential irritation from fruit acids.
100% Free of preservatives, dyes, fragrances, alcohol, lanolin, mineral oil and soap. Cruelty free.	Non-irritating	Ideal for even the most sensitive or problematic skin.

PROBLEMS SOLVED:

- » Fades unwanted sun spots, melasma, chloasma, freckles and other hyper pigmented skin conditions.
- » An excellent acne, spot" treatment.
