### OVERVIEW:

A one-of-a kind, breakthrough formula delivering a rapid dose of Vitamin C (L-ascorbic acid) into the skin in a form that can be most easily absorbed. This bioactive serum effectively minimizes free radical damage and aids in collagen synthesis. Recommended to visibly reduces fine lines and sun damage, minimize irritation and redness due to rosacea or after exfoliation, waxing and peels. Replenishes youthful levels of Hyaluronic acid, Glycosaminoglycans, Keratan sulfate, Dermatan Sulfate and Heparan Sulfate within the dermis.

### THE HYLUNIA ADVANTAGE:

FEATURES:	BENEFITS:	ADVANTAGES:
Encapsulated L-Ascorbic Acid L-Ascorbic acid is a vital nutrient for proper collagen formation and also serves as an antioxidant.	This potent antioxidant is protected by encapsulation and released directly into viable cells to ensure effective neutralization of free radicals.	Precise, protected delivery of active ingredients at bioavailable concentrations ensures product penetration. Synthesizes collagen. Minimizes inflammation and redness.
Antioxidants Vitamin A (Retinol), Vitamin E, Ester C (Ascorbyl Palmitate) and Super-oxide Dismutase (SOD) in bioavailable concentrations.	Vital for normal cellular regeneration and metabolism. Powerful anti-inflammatory and antioxidant properties.	Penetrates deep into skin: retards free radical damage, soothes dry and damaged skin, moisturizes and protects against UV radiation
Hyaluronic Acid in a high concentration.	Promotes continuous hydration on the skin's surface, retaining natural moisture and allowing vital cellular air interchange.	Saturates the stratum corneum keeping it soft, moist and supple. Does not induce allergies or irritation.
Penetration Complex™: Black Pepper Extract and Alpha Lipoic Acid	Aids in penetration of other active ingredients.	Improves the overall efficacy of the product.
Chrysanthemum and Green Tea	Combined synergistic action combats free radicals, interrupts inflammatory processes and stimulates cutaneous microcirculation.	Neutralizes effects of daily „cellular stresses, aggressions of aging, and UV damage. Boosts capillary permeability and cutaneous blood flow.
Extracts of Horsetail, Arnica, Calendula, Turmeric	Synergistic blend to stimulate circulation, regulate sebum production, inhibit free radical damage and inflammation.	Soothes tones, stabilizes and protects skin against the ravages of time, smoke, UV light and aggressive treatments.
Padina pavonica	Stimulates production of glycosaminoglycans required for skin renewal and integrity.	Reduces fine lines and wrinkles by maintaining the same epidermal cohesion as in youthful skin.
Curcubita Pepo Pumpkin Seed Extract	Plant peptide curcubatine inhibits the inflammatory process and minimizes premature aging.	Buffers any potential irritation from fruit acids.
