### OVERVIEW:

The ultimate age-defying treatment that combines all of the most potent vitamins, antioxidants and anti-inflammatory agents in one product. Skin appears renewed, resilient, soft and supple. The difference is visible.

### THE HYLUNIA ADVANTAGE:

FEATURES:	BENEFITS:	ADVANTAGES:
Pycnogenol, Vitamin A in high concentrations.	Builds strong capillaries, helps prevent UVB damage. Combats free radicals.	Helps to retard free radical damage and eliminates puffiness. Powerful anti-inflammatory and anti-irritant properties.
Antioxidants: Vitamins A, E and Elastase inhibitor-3 in high concentrations.	Neutralizes free radicals and prevents oxidative cellular destruction and mutation. Slows the breakdown of elastin in the skin	Works synergistically to minimize cutaneous premature aging and environmental damage.
Hyaluronic Acid in a high concentration.	Promotes continuous hydration on the skin's surface, retaining natural moisture and allowing vital cellular air interchange.	Saturates the stratum corneum keeping it soft, moist and supple. Does not induce allergies or irritation.
Penetration Complex™: Black Pepper Extract.	Aids in penetration of other active ingredients.	Improves product efficacy.
Pycnogenol-Grape Seed Extract Oligomeric proanthocyanidins (OPC).	Pycnogenol-Grape Seed Extract Oligomeric Remarkable anti-oxidant power, surpassing the anti-inflammatory effects of Vit E and C. Strengthens and protects the integrity of elastin and collagen in skin and blood vessels.	Anti-aging activity through ability to reduce sub-clinical inflammation and increase long-term resilience of skin cells & microcirculation.
Chrysanthemum indicum and Green Tea (Camellia sinensis)	Combined synergistic action deactivates free radicals, disrupts inflammatory processes and boosts cutaneous microcirculation.	Neutralizes effects of daily „cellular stress“, aging and UV damage. Enhances capillary permeability and cutaneous blood flow.
Curcubita pepo Seed Extract: Pumpkin plant peptide Curcubitine	Inhibits cellular inflammatory processes.	Buffers irritation and minimizes premature aging of the skin.
Peptide Complex	Aids in collagen synthesis. Activates tissue growth factor (TGP-B). Helps block activity of degradative enzymes (MMP2&9)... Enhances natural Hyaluronic acid content in skin...	Helps to minimize fine lines and wrinkles, reduce inflammation. Helps to increase micro circulation.
